

**COMPETENT
FAIR
RELIABLE**

"JUST IN TIME" – FOR MANY YEARS OUR COMPANY HAS BEEN COMMITTED TO PUNCTUALITY IN DELIVERING. TODAY WE THANK ALL OUR CUSTOMERS FOR CHOOSING US.

Isolier- and Dämmtechnik GmbH was founded in Vienna in 1996 as a manufacturer of thermal, acoustic and fire insulation materials.

Our constant presence in the insulation market, as well as our product range and consulting services, help raise environment awareness and sustainability corresponding to the EU energy regulations amongst insulation installers, building designers and home owners.

Insulation is a sustainable way to save energy and reduce CO₂ - emissions. We work under the motto "Competent – Fair – Reliable" and make sure that customer satisfaction always comes first.

JOSEF HOLZER
Business Management

OUR PHILOSOPHY

COMPETENT

Our years of experience and know-how as well as professionalism and solution-focused approach in the technical insulation industry make us a competitive partner.

FAIR

Highest product quality and fair pricing strengthen our business relationships and ensure long-term success.

RELIABLE

Our innovative product range combined with national and international logistics ensure a high degree of reliability.

OUR PEOPLE

With the knowledge of each employee of our competent and committed team we create bespoke solutions on the high-quality level.

"Coming together is a beginning. Keeping together is progress. Working together is success."
